-  Wheelchair Accessible
-  Canoe Launch
-  Interpretive Trail

This trail is flagged and well-used - - it is not necessary to force your way through the brush. If this occurs, you may be on an abandoned trail or wildlife path. The exposed rock ridges can make following the trail difficult in areas. Please take your time in these areas and scan ahead for trail markers or for where the trail picks up again in the wooded areas.

Note: Powerboats may NOT be operated in Slim Bay or Mud Bay.
